

## LIBERATOR 320 PLANER

Part Number: 320001

Category: Planing

### Product details:

The Liberator 320 Planer/Scarifier is designed for heavy duty applications and benefits from a hydraulic drive mechanism for easy manoeuvrability and operator comfort. A diverse range of profiles can be achieved by selecting one of the heavy-duty drums designed for use with this machine.

Available in 3 phase electrically powered design, petrol and diesel models.

### Features:

- Connection for Vacuum for dust free operation
- Continuously adjustable depth to within 1mm
- Instant lift-off drum
- Solid rugged 10mm welded steel construction
- Transmission wheels with differential (hydraulic drive)
- Dead man switch
- Complete with drum

### Applications:

- Removal of old coatings
- Thermoplastic line removal
- Grooving concrete
- Reducing levels
