

PPC 1600 RIDE ON SHOTBLASTER / PLANER

Part Number: PPC 1600

Category: SHOTBLASTING/PLANING

Product details:

The PPC1600 is self contained and engine driven. The unique design eliminates the need for additional power supply and electric cables, commonly associated with more traditional equipment. The integral assembly allows for improved production rates and is ideally suited to prepare large open areas.

Features:

- Interchangeable heads for shotblasting and planing operations
- Adjustable working speed
- Enhanced production rates
- No additional power supply or cables required
- Variable operating widths

Applications:

- Cleaning & profiling concrete, asphalt, tiles & screeds
- Reducing levels and producing anti-slip and grooving profiles
- Removal of paint, screeds, self levellers, coatings, latex and adhesives
- Removal of sports surfaces, bitumen and waterproof membranes
- Preparation of steel to Swedish standard SA2½

PPC 1600 MACHINE SPECIFICATION

Dimensions	H 1650mm L 3050mm W 1400mm Wheelbase: L 1700mm W 1240mm
Working width	400mm
Power/Capacity	4.5 litre Diesel Engine 86HP/64kW Fuel Tank Capacity: 68 litres (18 gallons) Hydraulic Tank: 45 litres (12 gallons)
Grinding speed	2500 rpm
Weight	2222kg
Vibration Level	Less than 2.50m/s ² Usage 8 hours +
