

PPC558 SHOTBLASTER

Part Number: 558001/C

Category: Shotblasting

Product details:

The PPC558 model is specifically designed for maximum efficiency where high levels of productivity are required. The 558 model is the most versatile heavy duty machine whilst still retaining the operator comfort of its smaller contemporaries.

Features:

- Production rates up to 450m² per hour
- Hydraulic/Electric powered for precise operator control
- Easily dismantled to access storage tank openings
- Complete with Filtration unit benefiting from reverse air pulsation ensuring pollution control and safe environmentally friendly operation.

Applications:

- Laitence removal from new concrete
- Line removal
- Exposing aggregate
- Providing anti-slip qualities on concrete, stone and tiled surfaces
- Paint removal and Granolithic texturing

PPC558 MACHINE SPECIFICATION

Dimensions	H 1220mm	L 1600mm	W 680mm
Application width	Up to 558mm	Weight	700kg
Motor	22kW		
Power	415v / 3 phase / 63 amp		
Vibration Level	Less than 2.50m/s ²	Usage	8 hours+

3 FILTER COLLECTION UNIT

Dimensions	H 1700mm	L 2000mm	W 720mm
Application width	Up to 558mm	Weight	517kg
Motor	4kW	Capacity	9cfm
Power	415v / 3 phase / 63 amp
