

## PPC6200 GRINDER

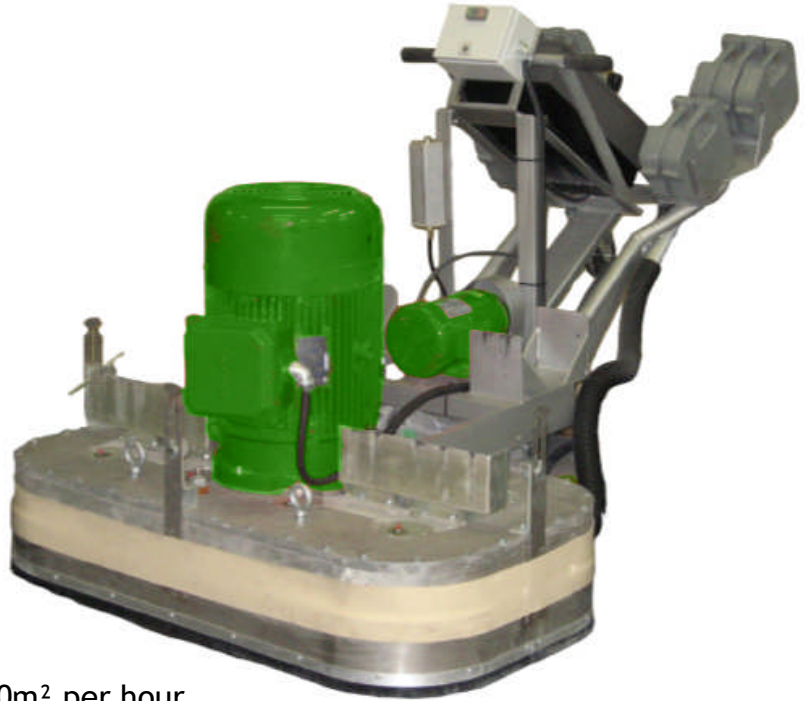

Part Number: 6200

Category: Grinding

### Product details:

The 6200 is the largest of our grinding range and designed for projects exceeding 1800m<sup>2</sup>. Despite its weight and size, the 6200's quick disassembly enables for ease of transportation and movement.

This grinder features a propelling system with contra-rotating heads so that it moves with the operator to provide optimum results whether dry grinding or polishing.

### Features:

- Production rates from 100m<sup>2</sup> - 700m<sup>2</sup> per hour
- Contra rotating head configuration for precision and uniformity
- Dust free when connected to a suitable vacuum unit - features 4 vac ports
- Removable handle allows machine to fit through standard door opening
- Infinitely variable speed control up to 90Hz.

### Applications:

- Grinding and polishing of terrazzo, granite, marble and natural stone
- Grinding and smoothing of concrete, asphalt and stone surfaces
- Removing rubberised compounds, latex, adhesives and coatings

### PPC6200 GRINDER MACHINE SPECIFICATION

Dimensions	H 1372mm L 2032mm W 1397mm
Working width	1360mm
Power	30kw / 415v / 3 phase / 63 amp
Operator speed	400 - 760 rpm
Weight	1043kg
Vibration Level	Less than 2.50m/s <sup>2</sup> Usage 8 hours +
