

SINGLE PADDLE HAND MIXER

Part Number: MIX-MM30

Category: Mixing

Product details:

The Preparation Group's Hand Mixers are robust power tools that generate a fast, thorough mix action. The H Handle gives easy handling and a comfortable work position, paddle extensions are available for taller operators.

The Single Paddle Hand Mixer has two speeds, with the extra slow speed ideal for mixing heavy materials. It is supplied with an MR3 Spiral Paddle, other accessories are available.

Features:

- Powerful motors & long life gearbox
- Soft start low splash
- Smooth, lump free mixes
- High torque, slow speed for powerful mixing
- Large range of paddles

Applications:

- For mixing floor screed, repair and epoxy mortars, hardwall plaster, external polymer render and insulation
