

ANTI-VIBRATION TILE LIFTER & BREAKER

Part Number: KANGOTM-10

Category: Hand Tools

Product details:

The trolley mounted anti-vibration tile lifter and breaker is a multifunctional tool for removing all types of floor tiles and vinyl and for breaking out concrete and stone.

The integral design reduces operator fatigue and back strain, and the angle of operation can be adjusted with ease for lifting of tiles etc.

Trolley also available separately.

Features:

- Interchangeable tool facility for use with chisels and lifter blades
- Mechanical adjustment to different angles for maximum flexibility - 20° to 80°
- Built in shock reduction
- Impact reducing ergonomic design and durable zinc plated frame.

Applications:

- Breaking out concrete, asphalt & stone
- Removal of screeds, latex, adhesive deposits, vinyl & carpet tiles
